Chairman’s Report
Throughout 2017, TFCU continued to focus on serving our members’ and our communities’ needs. We remain committed to providing the best personal service, bringing convenience through technology and offering the best rates on loans and deposits. TFCU ended the year with $9.8 billion in assets and a strong capital-to-asset ratio of 10.45%. I am proud to report that this past year, TFCU continued to grow in assets, deposits, loans and membership.

To better serve our members, in addition to our new Kings Point branch, we have plans to open three more branches this year in East Meadow, Center Moriches and Stony Brook. In addition to our 26 current branch locations, members also have access to their accounts at more than 5,000 credit union locations across the United States, including over 60 on Long Island. Shared Service Centers are perfect alternatives to a TFCU branch should you be traveling, away at college or staying at a second home all around the United States.

As in years’ past, we once again received a 5-star rating from the independent rating firm Bauer Financial Inc. – the best possible rating for a financial institution. During 2017, we continued to invest in our employees, our communities and most importantly in our members. Your credit union continued to see strong membership growth and we continued to grant loans to our members and businesses in our communities, thereby helping members with a multitude of financial needs.

In 2017, we continued to assist our members in their efforts to save money. By refinancing their mortgages with TFCU, our members were able to save hundreds of thousands of dollars. In addition, our TFCU Trust & Financial Services advisors, who offer their professional assistance, helped members to invest wisely for their future and maximize their retirement savings.

Our remote delivery channels saw more enhancements and we had record growth in our mobile application usage, as members continued to move from accessing their accounts from their PCs to accessing accounts, paying bills and depositing checks using their mobile devices. The Financial Statements for 2017, included in this report, show that TFCU continues to be well positioned to serve its more than 287,877 members. With the strong leadership provided by TFCU’s management team, as well as the dedication and hard work of staff, TFCU will continue to focus on meeting the financial needs of our membership through outstanding quality service, convenient service delivery channels and competitive rates.

President’s Report
TFCU continued to grow in 2017, our 65th year of service to the community. This growth was evidenced not only by year-end assets, but also through the accomplishments of a dedicated staff and management team who embrace the philosophy of putting members first.

Throughout the year, quality service and competitive products remained our focus. One of the major service enhancements made during 2017 was the introduction of our new Online Banking program, which features best-in-class service to you. Members can now enjoy state-of-the-art online banking features complete with enhanced capabilities and the ability to customize screens.

In an effort to help our members protect themselves against credit and debit card fraud, TFCU introduced CardValet®. This service allows cardholders to protect their TFCU Credit and Debit Cards through their mobile device by receiving alerts and defining when, where and how their cards are used. You can even safeguard your cards by turning them “off” if they’re misplaced or stolen and back “on” when you’re ready to use them. All you need is a TFCU Card and a smartphone.

Our commitment to our communities has never been stronger, and in 2017, Team TFCU, our Community Involvement Committee, gave back to the people of Long Island with impressive generosity. By holding monthly Jeans Days, where employees donate $5 to a worthy cause and are allowed to wear their jeans to work, more than $28,000 was raised. These funds were made payable throughout the year to local organizations such as: Ronald McDonald House; Make-a-Wish; Britain’s Baskets of Hope; Blessings in a Backpack; United Way of Long Island; Saint Jude’s Children’s Hospital; Long Island Coalition for the Homeless and Memorial Sloan Kettering Cancer Center. I applaud our employees who continually donate to these foundations, maintaining our local communities better places to live.

Our commitment to improving our members’ lives remains unwavering. TFCU’s Board of Directors, Management Team and Staff are committed to providing you with unsurpassed financial services. From auto sales events, special rate offers on certificates, low-rate credit card balance transfer options, great rates on home equity and auto loans, our members’ financial wellbeing is always at the forefront of our business plan.

I am pleased to report that your credit union continues to be financially strong and totally committed to serving its members. The employees and volunteers of TFCU appreciate your business and we look forward to continuing to serve you.

Throughout 2017, TFCU continued to focus on serving our members’ and our communities’ needs. We remain committed to providing the best personal service, bringing convenience through technology and offering the best rates on loans and deposits. TFCU ended the year with $9.8 billion in assets and a strong capital-to-asset ratio of 10.45%. I am proud to report that this past year, TFCU continued to grow in assets, deposits, loans and membership.

To better serve our members, in addition to our new Kings Part branch, we have plans to open three more branches this year in East Meadow, Center Moriches and Stony Brook. In addition to our 26 current branch locations, members also have access to their accounts at more than 5,000 credit union locations across the United States, including over 60 on Long Island. Shared Service Centers are also available for members at 102 Motor Parkway, Hauppauge, NY 11788.

As in years past, we once again received a 5-star rating from the independent rating firm Bauer Financial Inc. – the best possible rating for a financial institution. During 2017, we continued to invest in our employees, our communities and most importantly in our members. Your credit union continued to be financially strong and totally committed to serving its members. The employees of TFCU appreciate your business and we look forward to continuing to serve you.

“commitment to improving our members’ lives remains unwavering.”

In an effort to help our members protect themselves against credit and debit card fraud, TFCU introduced CardValet®. This service allows cardholders to protect their TFCU Credit and Debit Cards through their mobile device by receiving alerts and defining when, where and how their cards are used. You can even safeguard your cards by turning them “off” if they’re misplaced or stolen and back “on” when you’re ready to use them. All you need is a TFCU Card and a smartphone.

Our commitment to our communities has never been stronger, and in 2017, Team TFCU, our Community Involvement Committee, gave back to the people of Long Island with impressive generosity. By holding monthly Jeans Days, where employees donate $5 to a worthy cause and are allowed to wear their jeans to work, more than $28,000 was raised. These funds were made payable throughout the year to local organizations such as: Ronald McDonald House; Make-a-Wish; Britain’s Bathers of Hope; Blessings in a Backpack; United Way of Long Island; Saint Jude’s Children’s Hospital; Long Island Coalition for the Homeless and Memorial Sloan Kettering Cancer Center. I applaud the employees who continually donate to these foundations, making our local communities better places to live.

Our commitment to improving our members’ lives remains unwavering. TFCU’s Board of Directors, Management Team and Staff are committed to providing you with unsurpassed financial services. From auto sales events, special rate offers on certificates, low-rate credit card balance transfer options, great rates on home equity and auto loans, our members’ financial well-being is always at the forefront of our business plan.

I am pleased to report that your credit union continues to be financially strong and totally committed to serving its members. The employees and volunteers of TFCU appreciate your business and we look forward to continuing to serve you.
